Clare Estlick
SALESPERSON

THE FUNDAMENTAL THINGS APPLY, AS TIME GOES BY...

Ongoing success, in adverse and ever changing economic times, is a testament to Robert and Clare's continuing market domination, and their unbeatable sales records. Since their merger in 2006, the pair has continued to surpass the competition, and were once again the recipients of the company's highest honours.

Their exceptional sales volume has necessitated the expansion of their team, as they remain committed to ensuring the same level of service their clients have come to know, and respect.

While constantly striving to both protect, and expand their market share, Robert and Clare have recently redesigned their logo, highlighted by the distinguished crown symbol. All lawn signs, marketing material, and associated promotional material, now showcases the team's new logo in rich classic colours. The new logo was designed to reflect the teams reputation of having attained the pinnacle of success, in both legendary service, and results.

While the team's well known and popular website: www.westtorontohomes.com continues to be a favourite, www.finetorontorealestate.com has now been added, as their sphere of influence continues to expand to markets beyond the city's west end.

Robert and Clare see the balance of 2009, as well as 2010, as a period of new opportunities, a time to refine their skills aimed at achieving their clients' goals, while meeting all their expectations.

"We recognize that being leaders in the real estate profession cannot be taken for granted, there is always room for innovation."

THE PETTIGREW & ESTLICK TEAM'S combined wealth of experience, and savvy real estate market knowledge, continues to elevate their names to that of household status, making them a formidable presence.
